# Our Story

T&S Brass and Bronze Works, Inc. is a leading manufacturer of faucets, fittings and specialty products and accessories for the foodservice, industrial, commercial plumbing and laboratory markets. Founded in 1947, the company launched the industry's first pre-rinse unit and, over the next decade, introduced key innovations such as the foot pedal valve—the foundation of the first hands-free faucet.

T&S products are highly acclaimed throughout the industry for being well-built, long-lasting and reliable. Rigorous testing and a focus on interchangeability have helped set T&S apart from the competition for more than 75 years.

Today, more than 500 employees manufacture products and support customers from the company's main headquarters in South Carolina, USA—with additional teams working behind the scenes at distribution centers in California and China. In the last two decades, T&S has significantly increased its overseas presence, with representatives now selling products in Europe, Australia, the Middle East, Canada, Japan, southeast Asia and South America.

*We're ready to supply what our customers need, wherever they are.*

## Core Values

### Family

Empathetic support that fosters respect & unity

### Integrity

Committed to honesty, honor, trust, & respect with or without an audience

### Customer First

Exceeding expectations before, during & after the sale

### Excellence

Exemplary performance through people, products, & services

### Humility

Striving for collective success over individual achievement

# T&S Corporate Leadership Snapshot

Family owned and operated since 1947, T&S employs over 500 individuals world-wide.

# Find T&S Around the World

## 1 Travelers Rest, South Carolina, USA

Corporate headquarters and manufacturing facility constructed in 1978 with expansions in 1988, 2007, 2012 & 2021.

## 2 Simi Valley, California, USA

Distribution facility established in 1992.

## 3 British Columbia, Canada

Distribution facility established in 2025.

## 4 Klarco Aviano, Italy

Manufacturing facility and Klarco headquarters established in 1985 in San Quirino. Acquired by T&S in 2018. Moved to Aviano in 2024.

## 5 Hosur, Tamil Nadu, India

Distribution facility established in 2024.

## 6 Shanghai, China

Manufacturing facility established in 2003. Purchased a new building and moved operations in 2023.

**ISO 9001:2015 Certified**

The most stringent certification that can be received by a corporation.

**T&S Headquarters –  
Travelers Rest, South Carolina, USA**

Our newly expanded 205,000 square foot facility in Travelers Rest, South Carolina, reinforces T&S Brass’s 75-year commitment to innovation and quality in commercial plumbing solutions. With increased capacity and cutting-edge technology, we’re better equipped to serve global markets with unparalleled efficiency. From sustainability initiatives to rigorous testing standards, this expansion embodies our dedication to delivering reliable, efficient, and sustainable plumbing solutions worldwide.

**T&S Shanghai – Shanghai, China**

Our cutting-edge 105,000-square-foot Shanghai facility, established in 2003, exemplifies T&S Brass’s commitment to international excellence. This strategic plant combines our 75-year legacy with local expertise to serve markets worldwide. Here, we manufacture our renowned faucets, fittings, and specialty products to rigorous global standards, ensuring consistent quality across continents. From Shanghai, we drive innovation and deliver responsive service to customers around the globe, reinforcing T&S Brass’s position as a true international leader in commercial plumbing solutions.

**ISO 14001 Certified**

Committed to reducing waste, improving efficiency, and meeting environmental standards.

**ISO 14001 Certified**

Committed to reducing waste, improving efficiency, and meeting environmental standards.

**Klarco Headquarters –  
Aviano, Italy**

Klarco has been designing and manufacturing faucets, pre-rinse units, hose reels and accessories for professional kitchens and the food industry since 1985. Now part of T&S Brass and Bronze Works, it is one of the strongest and most established companies in the industry in Italy and many other countries. Backed by almost 40 years of experience and commitment to innovation, Klarco products are universally recognised for being durable and reliable and for combining the search for excellent quality with the ongoing expansion of the range, in line with the new fields of application and specific demands of

industry professionals. All products are 100% Made in Klarco. The entire production cycle takes place in Klarco’s 7,000 square metres of factory space. Design, engineering, actual production, testing, packaging: everything is handled in-house, employing the most advanced methods and technologies at every stage.

## Setting Quality Standards for Over 75 years...

The employees of T&S Brass and Bronze will provide high quality solutions to the food service, plumbing, and institutional markets while providing exceptional customer service and striving to continuously improve the effectiveness of the Quality Management System. Strategic goals and objectives have been established to satisfy all applicable requirements of our shareholders, customers, suppliers, associates, regulatory agencies and communities where we do business.

Every single T&S product is air- and water-tested before packaging.

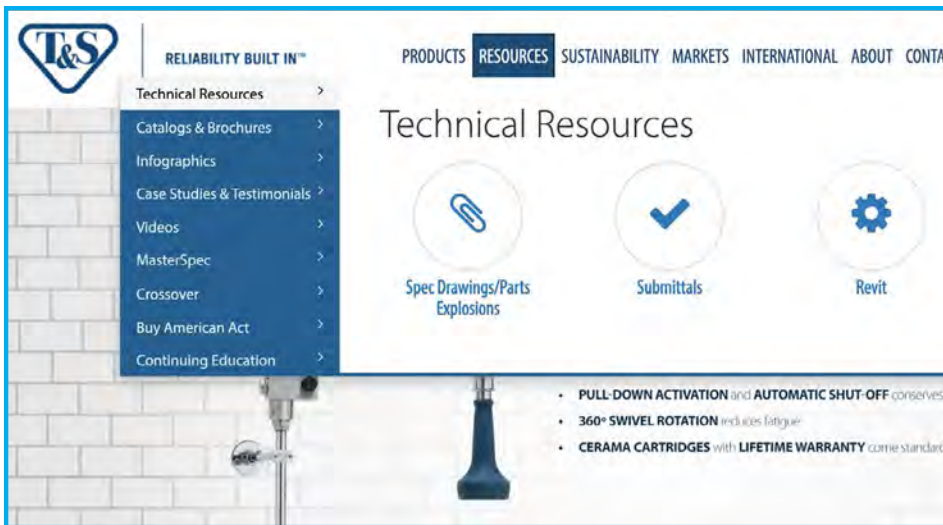

T&S testing exceeds national standards by as much as 3 to 6 times the requirement. The T&S production line includes 5 different inspection stations.

Our castings are heavier commercial grade for quality and durability you can see and feel. Every product is inspected, not just a random sampling.

T&S was one of the first commercial plumbing manufacturers to be registered by DQS Inc. to ISO 9001:2015 certification, the most stringent certification received by a corporation.

# Online Resources and Education

In addition to spec sheets/parts explosions, submittals, and Revit files per product model, T&S provides a rich library of literature & videos as well as accredited CEU courses online.

Explore T&S Brass's resource hub at [tsbrass.com](http://tsbrass.com). Access informative videos, market-specific literature, and real-world case studies. Our infographics simplify complex topics, while water conservation calculators quantify potential savings. Whether you're in foodservice, healthcare, education or other commercial segments, find tailored resources to optimize your plumbing solutions, drive efficiency, and achieve sustainability goals with T&S innovative products.

## T&S UNIVERSITY

At T&S University, our mission is clear: to provide helpful, relevant education and training in every industry we serve. Utilizing the best of e-learning, on-site training and other educational resources, we strive to equip our reps, dealers and stakeholders with the tools they need to be most effective in their roles. In the end, it's not just about our products — it's about the industries, markets and regulatory environments where T&S Brass solutions are at work every day.

## Training Opportunities Around the World

At T&S, we’re committed to empowering our customers every step of the way. One of the ways we do this is by offering informative training sessions both at our on-site training facility in the US and in customized programs around the world. These training opportunities allow customers, consultants, sales representatives, distributors, contractors and engineers to experience hands-on education and training.

Accommodating both small and large groups, the training center offers fully integrated assistance and a large selection of training and professional development options that can be customized to each group’s individual needs.

# Product Offerings

Our products represent over 75 years of reliability, sustainability and low cost of ownership.

Since inventing the pre-rinse unit in 1947, T&S has pioneered commercial plumbing excellence. Our cornerstone line features heavy-duty brass faucets and fixtures, rigorously tested to exceed industry standards. These products embody T&S's "Reliability Built In" promise, delivering superior performance for demanding applications worldwide

# equip

T&S equip offers value-priced plumbing alternatives without compromising on quality. This line provides reliable, efficient solutions for budget-conscious projects, featuring a range of faucets and fixtures designed for commercial applications. T&S equip embodies our commitment to accessibility, bringing T&S reliability to a broader market

# EVERSTEEL®

Surprisingly affordable and designed to meet SASO, WRAS, WaterMark, PUB, CSA, NSF, and DVGW global certifications, our lead-free stainless steel kitchen faucets and pre-rinse sprayers are in a class by themselves.

# ULTRARINSE™

Increase food safety and reduce waste with the patented, versatile UltraRinse®. Available in two lengths with 3 or 5 angled spray tips and easily retrofits existing T&S manual faucet and pre-rinse unit installations.

# LAKECREST®

BY T&S

Sophisticated design blends with commercial durability in the elegant LakeCrest® line available in multiple finishes. These stylish faucet designs bring a touch of refinement and legendary reliability to busy, modern facilities.

# WAVECREST®

BY T&S

Featuring below-deck electronics and available in multiple finishes, WaveCrest® products offer a sleek look with more intuitive sensor activation and auto-flush capabilities.

## Limited Warranty

READ THIS LIMITED WARRANTY BEFORE INSTALLING OR USING THIS PRODUCT. IF THESE TERMS ARE NOT ACCEPTABLE TO YOU, IMMEDIATELY RETURN THIS PRODUCT TO T&S BRASS AND BRONZE WORKS, INC. BEFORE INSTALLING AND/OR USING THIS PRODUCT.

T&S Brass and Bronze Works, Inc. (T&S) warrants to the original purchaser of this product that such product is free from defects in workmanship and materials for the period specified in the chart below beside the product description from the original date of purchase.

<b>PRODUCT DESCRIPTION</b>	<b>WARRANTY PERIOD</b>
T&S EasyInstall® pre-rinse units	3 years

T&S EverStee® pre-rinse units & faucets	Limited Lifetime
equip® hose reel hose	1 year
All other products (including all equip products)	1 year

During the applicable warranty period, if this product is found to be defective, T&S shall, at its option, repair and/or replace it. To obtain warranty service, products must be returned to T&S Brass and Bronze Works, Inc., 2 Saddleback Cove, Travelers Rest, South Carolina, 29690, clearly marked to the attention of the Warranty Repair Department. Shipping, freight, insurance, and other transportation charges of the returned product to T&S and the return of the repaired or replaced product to the purchaser are the responsibility of the purchaser. Replacement and/or repair under this warranty shall be made within a reasonable time after receipt by T&S of the returned product and T&S' verification of the defect. T&S is not responsible for removal, installation, labor charges, or other incidental or consequential costs.

This warranty does not cover this product (i) if it has received secondary finishing or has been altered or modified after purchase, (ii) for defects caused by physical abuse to or misuse of the product or use with corrosive materials, (iii) for damage or harm occurring in the shipment of the product, (iv) for damage or harm occurring due to environmental conditions, including but not limited to water quality and impurities, or (v) for damages arising from wear to or the failure of replaceable components, including those made out of rubber or plastic. This warranty is provided to the original purchaser only and may not be assigned or transferred by the original purchaser of the product, other than when purchased for resale, in which case the reselling original purchaser may assign the warranty to the purchaser from the reseller who shall be deemed the original purchaser under this limited warranty, but the warranty may not be assigned thereafter.

ANY EXPRESS WARRANTY NOT PROVIDED HEREIN AND ANY REMEDY FOR BREACH OF CONTRACT WHICH BUT FOR THIS PROVISION MIGHT ARISE BY IMPLICATION OR OPERATION OF LAW, IS HEREBY EXCLUDED AND DISCLAIMED.

ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED IN DURATION TO THE WARRANTY PERIOD PROVIDED ON THE PRODUCT.

UNDER NO CIRCUMSTANCES SHALL T&S BE LIABLE TO PURCHASER OR ANY OTHER PERSON FOR ANY LOSS OF USE OF THE PRODUCT OR ANY SPECIAL OR CONSEQUENTIAL COSTS, EXPENSES OR DAMAGES WHETHER ARISING OUT OF BREACH OF WARRANTY, BREACH OF CONTRACT OR OTHERWISE INCURRED BY THE PURCHASER OR ANY OTHER USER.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU.

THIS WARRANTY GIVES YOU SPECIFIC RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

### CONFORMITÉ EUROPÉENNE (CE)

A regulatory standard that verifies certain products are safe for sale and use in the European Economic Area (EEA).

### EUROPEAN UNION DIRECTIVE

A "directive" is a legislative act that sets out a goal that EU countries must achieve. It is up to individual countries to enact their own laws to reach this goal:

### NATURAL RESOURCES CANADA

Certification of Commercial Pre Rinse Spray Valves to the water efficiency requirements of Canada: Energy Verified

### REDUCTION OF HAZARDOUS SUBSTANCES (ROHS)

Material declarations for compliance with RoHS.

### WASTE FROM ELECTRICAL AND ELECTRONIC EQUIPMENT (WEEE)

Material declarations for compliance with WEEE.

### AUSTRALIA/NEW ZEALAND

Certification of faucets and pre-rinse units to the requirements of Australia / New Zealand standards and water efficiency regulations: AS/NZ 3718

### CHINA ENVIRONMENTAL UNITED CERTIFICATION CENTER:

China Environmental Labelling (Type I) Mark

### INTERNATIONAL ASSOCIATION OF PLUMBING AND MECHANICAL OFFICIALS - OCEANIA

Coordinates the development and adaptation of plumbing, mechanical, swimming pool and solar energy codes to meet the specific needs of individual jurisdictions.

### CHINA QUALITY CERTIFICATION CENTRE (CQC)

The China Quality Certification Center is a Chinese administration based in Beijing with responsibilities for the implementation of product certification:

China Water Conservation Certification Mark

### WaterMark™

WaterMark product certification protects community health and safety. A certified product is fit for purpose and authorised for installation by a licensed plumber.

### HONG KONG - WATER SUPPLIES DEPARTMENT

The Water Supplies Department is the department under Development Bureau of the Government of Hong Kong of the People's Republic of China providing a reliable and adequate supply of wholesome potable water and sea water to customers in Hong Kong.

### THE WATER REGULATIONS APPROVAL SCHEME

Certification of sanitary products to the requirements of the United Kingdom: UK WRAS

### WATER EFFICIENCY LABELLING SCHEME (WELS)

Products registered in WELS shall incorporate a water efficiency label that informs consumers of the level of water consumption and water efficiency in order to help consumers to choose water efficient products for water conservation.

### THE SAUDI STANDARDS, METROLOGY AND QUALITY ORGANIZATION (KSA SASO/SABER)

Certification of sanitary products to the requirements of Saudi Arabia and their water efficiency regulations.

### SINGAPORE PUB & WELS

Certification of sanitary products to the requirements of Singapore and their water efficiency regulations.

### VERBAND DER FACHPLANER (ASSOCIATION OF SPECIALIST PLANNERS)

The largest German planning association in the industry, the VdF makes state of the art in planning quality understandable. The VdF's certificate of professional competence is verified proof of what distinguishes good planners: successful projects and ongoing training. (KLARCO)

### THE DEUTSCHER VEREIN DES GAS- UND WASSERFACHES (DVGW)

German Technical and Scientific Association for Gas and Water: A recognized standardization body for the gas and water industry, a centre for technical and scientific know-how in the gas and water sectors and an initiator and promoter of research projects and innovations:

EN-200  
KTW BWGL

# Industry Partnerships

T&S Brass has long recognized the importance of collaboration and industry leadership in driving innovation and sustainability within the commercial plumbing sector. Our active participation in key industry partnerships reflects our commitment to shaping the future of our field and supporting the needs of the foodservice, plumbing, and manufacturing industries. These strategic alliances not only enhance our ability to develop cutting-edge solutions but also allow us to contribute to the advancement of industry standards and best practices. Through these partnerships, T&S Brass continues to demonstrate its dedication to excellence, environmental stewardship, and the communities we serve.

## **NORTH AMERICAN ASSOCIATION OF FOOD EQUIPMENT MANUFACTURERS (NAFEM)**

Dedicated to providing leadership to improve the global foodservice experience for over 75 years, NAFEM represents 500 foodservice equipment and supplies manufacturers. Members of the North American Association of Food Equipment Manufacturers (NAFEM) benefit from vast resources and solid support – from organized advocacy efforts to education and marketing tools.

## **CERTIFIED FOODSERVICE PROFESSIONAL (C.F.S.P.)**

Established in 1987, the CFSP credential remains the most important industry certification for foodservice equipment & supplies professionals. NAFEM's certification program helps raise the standards and quality of the industry by offering continuing development opportunities and special recognition to individuals who achieve this impressive designation. T&S boasts a number of C.F.S.P. associates.

## **MANUFACTURERS' AGENTS ASSOCIATIONS FOR THE FOODSERVICE INDUSTRY (MAFSI)**

Over 70-year-old North American, non-profit trade association comprised of independent manufacturers' representative sales companies and manufacturing companies in North America engaged in the selling, marketing and producing commercial foodservice equipment, supplies, tabletop and furnishings. From the back of the house, to the dining room, members are there - representing most corners of the 15-billion-dollar foodservice non-foods industry.

## **FOODSERVICE EQUIPMENT DISTRIBUTORS ASSOCIATION (FEDA)**

A trade association that supports foodservice equipment and supplies distributors through advocacy, education and service.

## **FOODSERVICE CONSULTANTS SOCIETY INTERNATIONAL (FCSI)**

Professional organization of men and women offering design and management consulting services, specialized in the foodservice and hospitality industry, across the world.

## **PLUMBING MANUFACTURERS INTERNATIONAL (PMI)**

Producing 90% of the United States' plumbing products and representing more than 150 brands, PMI's members are industry leaders in manufacturing safe, reliable and innovative water-efficient plumbing technologies, including toilets, urinals, faucets and showerheads.

## **AMERICAN SOCIETY OF PLUMBING ENGINEERS (ASPE)**

The American Society of Plumbing Engineers is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE members are leaders in innovative plumbing design, effective materials and energy use, and the application of advanced techniques throughout the world.

## **COMMERCIAL FOOD EQUIPMENT SERVICE ASSOCIATION (CFESA)**

A purpose-driven, not-for-profit association committed to service excellence for the foodservice industry. Founded in 1963, over 450 CFESA members promote the highest standards of professional service.

## **NATIONAL RESTAURANT ASSOCIATION (NRA)**

The National Restaurant Association is a restaurant industry business association in the United States, representing more than 380,000 restaurant locations. It also operates the National Restaurant Association Educational Foundation. The association was founded in 1919 and is headquartered in Washington, D.C.

### RESTAURANT FACILITY MANAGEMENT ASSOCIATION (RFMA)

RFMA'S core purpose is to promote the advancement of the restaurant facilities management professional. Through targeted education, events, programs and resources, RFMA equips members by sharing new innovations as well as time-tested techniques to keep restaurant facilities running more efficiently.

### GREEN RESTAURANT ASSOCIATION

An international nonprofit organization, GRA encourages restaurants to green their operations using transparent, science-based certification standards.

### MECHANICAL CONTRACTORS ASSOCIATION OF AMERICA (MCAA)

MCAA's mission is to guide and support member success to build a stronger, more sustainable future for the mechanical contracting industry. Through member-driven resources, comprehensive education, and strategic partnerships, we empower members to shape a future of unparalleled innovation and growth.

### The American Supply Association (ASA)

ASA serves as the industry's advocate in the legislative and regulatory arena, provides economic analysis, forecasting and data, innovation trends, employee recruitment and development, and peer-to-peer networking. ASA is on the pulse of what trends are affecting member's businesses, giving ASA the ability to provide members with tools to help them succeed and win the future.

# Creating for Today, Preserving for Tomorrow: Our Sustainability Story

Over 20 years ago, we created our first low-flow spray valve to help conserve water, energy and money. Our team of design engineers continues to create industry-leading, water-efficient products. As the market continues to demand more green plumbing and foodservice fixture fittings, T&S will develop innovative solutions that meet the need.

T&S has been a leader in water conservation for decades, engineering products that set new standards for both high efficiency and high quality. Today, we're bringing the blue of T&S to a new level of green, creating products and implementing manufacturing processes that flow directly from our commitment to sustainability. In the end, it's all about helping save natural and financial resources for our customers. It's our mission — and it's part of everything we do.

As a leader in sustainability, we've proactively formed partnerships with organizations that share our commitment to water conservation. From the USGBC®, the creators of the LEED® Rating System, to EPA's WaterSense and the Alliance for Water Efficiency, we're proud to work together with other conservation entities to raise awareness, educate others and conserve resources. When you choose T&S products, you are an active participant in moving toward the goal of true sustainability.

#### 15% POWER SAVING

The solar farm on T&S' main campus in the USA consists of 624 panels and produces 207 kilowatts of power per day.

#### 30,000 L RECYCLED WATER

T&S' main campus recycles 8,000 gallons of water per day.

#### 16,800kg BRASS RECYCLING

T&S' recycles 37,000lbs of brass every 3 weeks.

**40 TONS OF CARDBOARD, OFFICE PAPER, SURLYN FILM AND PLASTIC RECYCLING PER YEAR ON AVERAGE OVER THE LAST 5 YEARS**
